Question: How many seconds are in 5.5 minutes?

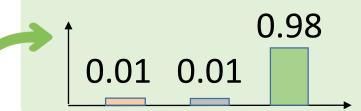

Step 1: 5.5 minutes is the same as 5 minutes and 0.5 minutes.

Step 2: : Since there are 60 seconds in a minute, then there are 3000 seconds in 5 minutes

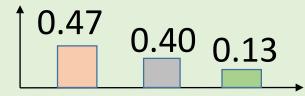

Step 3: And since there are 50 seconds in 0.5 minutes, so final answer is 3050.

I am confident that it is correct.

It seems wrong, I am not sure.

I believe it is wrong.
